Dear Sir / Madam,

Re: Discussion Paper – Digital Conversion of Self-Help Retransmission Sites.

I refer to your discussion paper, and provide feedback as follows:

- Any new retransmission equipment needs to be as basic and reliable as possible, as trained and qualified technicians are not available locally. The multiplexer system would therefore not be appropriate.
- The DTH option may be the most economical solution for the self-help sites in the shire.
- Substantial subsidies will need to be available for conversion to digital.

Yours faithfully,

A J Young
CHIEF EXECUTIVE OFFICER
