Dear Sir / Madam,

Re: digital Conversion of Self-Help Television Retransmission

At its recent meeting, Council considered the discussion paper with respect to the above.

I have been asked to advise that Council is more than happy with the television service already provided in the shire and that Council contributed significantly in providing the current service. Consequently, Council is loathe to contribute any further for the new digital system being forced upon us.

Yours faithfully

DB Carr
Chief Executive Officer
